Note: When fewer than 25 assessments are available for analysis, results are included in total results but not listed by county. Therefore, the sums of the columns do not equal the numbers in the "Total" row. One referral was excluded from analysis due to an error in the assessment; this exclusion does not affect results. Referrals determined to be evaluated out by the preliminary screening are not included in this table as the override section is not complete for these referrals.

*Five days in Los Angeles County.

Note: When fewer than 25 assessments are available for analysis, results are included in total results but not listed by county. Therefore, the sums of the columns do not equal the numbers in the "Total" row. Due to underlying issues in the assessment, 837 (<1%) response priority assessments were excluded from the analysis. The exclusion of this small percentage does not affect analysis findings.
